

# 2024 Field Day

Wednesday, July 17 • 9:45 am

## CPC Field Tour

Across from Northern Resources Co-op  
(1504 Center St. West, Roseau, MN)

9:45 am

- Variety and systems comparison
- Direct harvest vs swath/combine comparison of selected LL and RR varieties
- Pre-harvest desiccation treatments for direct harvest
- Pre-plant weed burn down treatments in no-till planting
- Evaluation of current and novel insecticide seed treatments
- Late-season flea beetle control and monitoring
- Biological control treatments for white mold

Tour is followed by a burger basket lunch at Roseau's Oakcrest Golf Club (must get lunch ticket at the CPC site).

*Rain Plan: Meet inside Northern Resources Co-op, in the meeting room.*
